## YEAR 10 HISTORY

### ASSESSMENT TASK – THE HOLOCAUST – SOURCES

NOTE: *The source tables are to help in preparation, they are NOT the exam.*

#### Source 1 – Quotes from Heinrich Himmler, at Posen, 6<sup>th</sup> October 1943.

“I am now referring to the evacuation of the Jews, the extermination of the Jewish people. It's one of those things that is easily said: 'The Jewish people are being exterminated', says every party member, 'this is very obvious, it's in our program, elimination of the Jews, extermination, .....

“... we had the duty to our people to do it, to kill this people who wanted to kill us.”

“We came to the question: How is it with the women and children? I decided to find a clear solution here as well. I did not consider myself justified **to exterminate the men – in other words, to kill them or have them killed** – and allow the avengers of our sons and grandsons in the form of their children to grow up. The difficult decision had to be taken to make this people disappear from the earth.”
