- Fundamental Concepts of Resource Management
- Influences on Resources Management
- Effective Resource Management

Students will be given 50 minutes of working time plus 5 minutes of reading time.
No written materials can be taken into the assessment.

Detailed Assessment Task Description

Beth's Story

Allira is 17 years old and is in Year 12. She lives with her Grandparents and 2 younger siblings. Her parents were in an accident when she was 15 years old and did not survive.

The children had to move out to a new area to be with her grandparents and it takes an hour for Allira and her siblings to get to school, so they must leave at 7am. Beth wants to do well at school so she can go to university and get a good job. She finds this difficult because she must look after her siblings and do chores such as meal preparation and housework. She wants to be a positive role model for her siblings and to make sure they are cared for. There is little food if she doesn't prepare it as her grandparents are elderly. Allira does part time work at the local bakery on Saturday and Sunday for three hours each day.

Assessment Criteria		
Grade	Description	Mark Range
Outstanding (O)	<ul style="list-style-type: none"> • Provides a detailed and accurate investigation into a range of resource management concepts. • Integrates an extensive range of syllabus terms with relevant concepts. • Provides accurate and relevant examples. 	27-30
